

For OEM Clients

SystemClean Alkaline Forte

Non-Foaming Alkaline Cleaning Agent for Fixed-Tip Liquid Handling Systems and Analyzers for Use on a Weekly Basis

Non-Foaming:

- No interference with integrated conductivity sensors

Rapid Rinseability and High Efficacy:

- Due to a proprietary formulation of KOH solution combined with organic polymers of optimized chain length, System Clean Alkaline Forte offers profound cleaning combined with extremely rapid rinseability.
- Removal of biofilms and particulate residues even from critical spots of the interior of automated devices

Multipurpose Application:

- Excellent results in routine cleaning cycles as well as for quick restoration of neglected systems

Useful Tool for Field-Service Engineers:

- Outstanding results achieved with little effort when servicing customers

Samples available - www.wak-chemie.com -

- Above described performance becomes obvious in simple preliminary testing.
